

To the FDA:

RE: DOCKET NO. 98N-1265

*The MOU must be Amended!*

I send this letter as a consumer of healthcare services to register my concern and disapproval of the Memorandum of Understanding as published by the FDA on January 21, 1999.

In its present form, the MOU, as well as the Compounding Section 503A of the Modernization Act, severely restricts the rights of the physicians and patients to obtain healthcare products from the provider of their choice. It also infringes on the rights of compounding pharmacists to serve the public's medical needs. As a healthcare consumer, there should be no restrictions to the delivery of a compounded medication prescribed for me regardless of where I may live or may travel. The MOU must be amended!!!

Signed: *Berinda W. Holmes*

State of Residence: *N. Carolina*

Comments:

*Dear Sirs: For the last 15 years I have been dealing with a chronic illness, if my choice of doctor & health care would be decided by someone else I could of never survived! Because of free choice I am in full recovery due to Holistic treatments!!!*
